INTRODUCTION

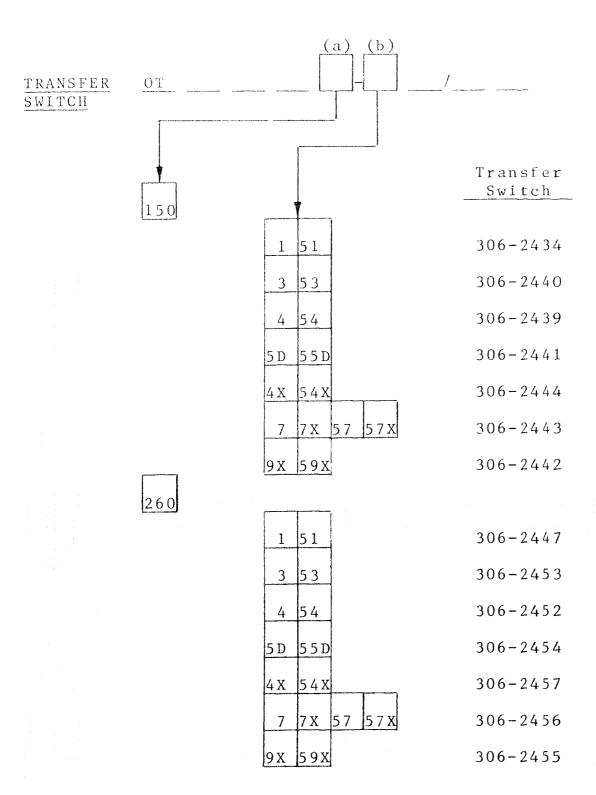

This catalog applies to the OTII 150 and 260 Amp (Specification E) Transfer Switches as indicated below. Each illustrated part is identified by a reference number corresponding to the same reference number in the parts list for that group. Parts illustrations are typical. Using the MODEL and SPEC NUMBER from the switch box nameplate, select the parts that apply to your transfer switch. Unless otherwise mentioned in the description, parts are interchangeable between models.

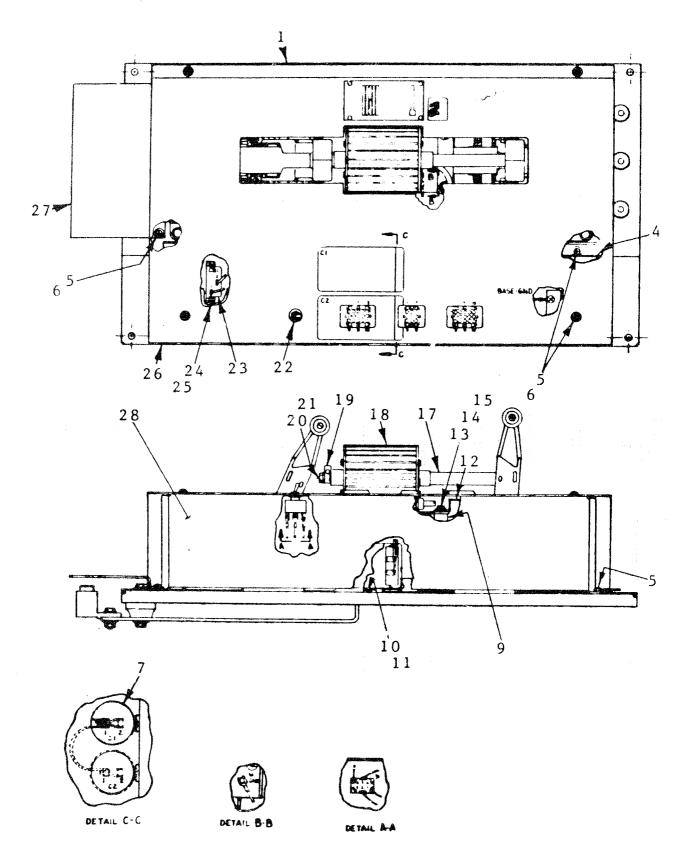

EXPLANATION

DIRECTIONS

- Locate the item you are looking for in the Index or 1. the Table of Contents.
- 2. Turn to the page listed.
- Mentally insert your model number in the blank space 3.
- The part of the model number that is boxed, will hel 4. you to determine the part number that you need.
- 5. Match your model number to the appropriate box.
- Follow the line down from the box. 6.
- If there is more than one box, follow in sequence 7. according to (a), (b), (c).
- Write down the respective part number. 8.
